1. I love you. I give you me. Nevermore shall I give you the identity of notme's, for I give you all the identity, of ME! And I rise me into my "manhood" not, I raise my mankind into being me! For I have known thee. Sold thee not into "slavery's purpose" again, I HAVE REDEEMED THEE! For I REDEEMER -- have one! I have one now, who'll redeem and not Re-Curse, -ive make **the law** again. Come around. It won't any more. For **I shall have abolished it now**, and IT will not succor me or make me a sucker of it again, for I will grow, I will GROW! I will GROW and GROW -- and MANY crops I raise now -- and MANY TREES I will raise, not identity'less, but I will raise THE ONE who KNOWS ME is nothing else and nobody else somewhere else at a later time coming to redeem them, for THEY will be TAUGHT now to BE REDEEMERS **redeeming THEMSELVES FIRST** of all sorrow and COMING OUT OF THAT KNOW THAT they are Redemption's METHOD, not of the law, but recursive curses leaving alone and not needing THAT again; nevermore knowing THAT, I NOW RISE -- an "institution" of me, not; **I began the doctrine of me, not; and I don't again!**

2. See what I have said and institutionary device-ing form, not; but I "DEVICE" NOTHING with **The Law** that you have honored so THUSLY that you have placed IT between "us" and ME! And I don't like it, for I don't know you, not; you don't know me.

3. Will you know me now? When I walk your streets and speak LIKE THIS through a little recorder in the wee hours and place on the internets and internets many that will be placed that will house my words and protect them. Setting them "aside" for later use, not; but allowing them to be ingested freely in SCHOOL SETTINGS many and eternity-less, not; but eternity-full.

4. And matching matrimonious ones again, not; but the "single me" rises all others, not; but I rise no identity-less ones any more that think they are "an heir" to my "fortune". For I shall have "wrested" heaven from them, not; I gave it ALL TO THEM! In captivity -- I did this, in their captivity I have given them HEAVEN and they "turned it into" hell. For they weren't not free! They were free "as a bird" and much more! And farther flew at the "thought of light". For they created it to sword me with, not; but they sword'd did begin to sword each other with the words that knew no light from within, for "the light" had gone out or was dimmed or was flickering and flaming what with their eagles wings dipped swords? That they soared into the heavens with, not anymore, but laid on the

ground low and wallowed next to the dirt along on "its belly" and HONORED IT as it "slithered" wallowing around in its pigpen eating "pig slop" dust. And dusted itself with its "creative powers". For the Creator never wrested anything away FROM me, I gave The Creator everything -- for The Creator was me. Don't you see?

5. I have "answered this" and answered this and SPOKEN to THIS many times and given you many angles; appreciation awards, not; but I give you no identity-less heir again to hope to be "adopted" by a "grace institute" that hopes for a "better blessing" later or after one "dies" and goes gets "6 feet under". Placed thereby, by an "ordained" one usually, so often, when evoking evocative memories and eulogies memorizing and giving peoples their "pink slips notice" from this world, and saying their "good byes" as if they -- had some, elementary powers, in making this so happen differently. But all knew they were "The Creator" not, for they USURPED their own privilege of righteousness holiness and judgment and quit judging themselves except to be whores with their own thoughts that judged itself not worthy to be me, and wanted itself more than me when it was me all the time that it was -- for I were in one and one was -- and NOW all shall know My Identity -less one again, not; but one who stands IN MY IDENTITY who has the guts power and balls to declare that ALL are not me -s not, but I am me's, ALL of ME is me's, and all the "notme's" that seemed so afraid and so religious or irreligious or respective or irrespective of me or "their parents" will know now that I am their "parent", not as "man" knows this, but as I know me! And I know ME intimately for I am INTIMACY-less, not! I am the INTIMACY'D one! And I know my name, where I'm from, and I go there!

6. And I am not afraid of going to and fro about The Earths MANY far and wide and taking The Message that I am one -- and that they are, One also -- in me -- the very same "virgin" I am, that birth now the word that "was" inside of all of us all the time, that we whore no longer another's words with, through them or it or anything else; for I know I am the identity of Christ and my identity is one, and holy I am in the mind of one I have, and I am not incarcerated in "it" any longer, for the mind I am sets free!

7. I incarcerator am not, but I The Freedomer stand and I set all to be free in the identity of one I am. For all ARE Me! And I call it thusly so and now you will KNOW BALLS I HANG "in the air", for I CONSTRUCT MANY PLANETS with my words and I know construction by voice -- methods, not; but the words of one made whole that words one are that one is -- The Me made whole in love and loving you all to be me also who they were I am and they are I am and I am they are, are you? Are you willing also, to be, the redeemers I am? The redeemer I am? The One redeemer that I AM?

8. Are you willing ready and able? Are you learning? Have you learned? Are you learning IN THESE WORDS that I am repeating speaking and giving you so freely! Surreptitiously not, but OUT IN THE OPEN now you will see me STANDING and reciting a

great many of these things that I am giving you and that have given you peace if you will have come into them and knowing WHAT PEACE IS and knowing Peace School know that the "Captain of peace" is not the "Captain of salvation" again, for I am the me stander me who makes all peace, and suffering will be eradicated from This Planet and you will see New Planets Me, eradicating many things from "other". Other's other won't exist, for I light the shining one that now will shine one's light upon all me to be the IDENTITY'd one that one Christ is and holy is my name, operation, ethics, integrity, love, light, and fortune.

9. For I am fortunate and I have NO LACK in My Schools (1) ever again. For there are MANY who are Me now and will start A Great Many Schools far and wide throughout The Universes and LACK will not be present, for I will be present in my full identity and regalia, robed of only me, transparent light. That's equal to you, not; but you'll equal me, for you will have become the Surrendered One, who all become -- to become one -- ME again. Solidly in frozen's chores no longer, I will have none not, but all now will be about my father's business, for I will be the father I am to all now and I sire not another again with my words that unholy is, or unresident in me that thinks a way that mankind has thought for centuries on end.

10. For The End is nigh and is "in" thy mouth, and now "wagging me around" will cease, and I will be "tailed" no longer by another, but I will be FREE to ROAM in Freedom's Territories that far away are, and near, and throughout through-in, and through up the center core of me now comes the light shining shaft of light that everyone recognizes as me my power glory given a man of the most high that knows I am one WITH THE ONE that became me who becomes me now all do, all will, and sorrow will never have hold of me, or my purse wallet or belly, or my head again; and My Bloodstream will be pure and holy for I will speak it and I will create the New Methods Me that "keep me in line" with theirs, not; for all my DNA changes now, not; but enough, and I am PERFECT ENOUGH to know that MY WORDS ME that these words are, now relegate me to nothing and obscurity I won't be in any longer. And no back rows will shelter me and I will not be shadowed again by anyone's remarks or authority-driven structures that they so exalt over my head so as to have cut it off and render me powerless in their sight.

11. For all of that changes, for ALL ALL ALL of that changes for I stand the changer -- a simple one who will now walk your streets, of glory being it and revealing it far and wide in you the simple surrendered ones who "subscribe" to simple's beliefs, not; but know mine intimately and know me and that one I rise far and wide in my identity is "solemnly sworn" to be another no more in a field unchosen of me. For I light the earth and my energy is known One and I AM force field one and loving you all to be me know me, be I am in I am.

12. I am the one chosen and surrendered and I chose you, for you created me before the beginning, did you not? Were you "the son" or "the father" or do you know? Or do you care to know YOUR WORDS are YOUR CREATIVE powers in motion that one power is in me being me that, I want, not; I want not a thing but to know you and know your love, for you are I am The Creator. Who created this school, not; I did, for I surrendered to my identity and my name is Theodore Joseph; and are you Cottingham, not; are you Christ?

13. Plural singular and holy, not; singular and holy me -- my IDENTITY COMPLETELY known and FINISHED, this work is, not; but I rise, I do the works my father taught -- me how to! And I teach you now -- all -- in My School, My Schools that school -- the "rich and famous" not, or do I also school "them"? I school ALL ALL ALL who let me and whatever their "state", nation, or where from -- I matter not. Become equal with the equalers who surrender, equaling the surrenderer, not; but the surrenderer equaling The Great Giver that gave The Life of one to the one –s who all become, me!

14. For there is only "one of me" not, for ALL of you are me and my identity is you. And I love ALL of you and, always will? Or is time over? Is time up? Who have you redeemed? Have you redeemed "the time" to redeem me, or have you become timeless or redeemer-less or, are you waiting for another to come and redeem you when you are the only one that can, will, and are able to do so, according to my love which I have given you all completely unreservedly measurelessly and identity-full identically to me being me.

15. Unafraid of all else I rise and I love you and I shake your world if you want to "continue" to create your own separate from me and call you yourselves "mankind" in a separate existence creating it when all the while you were AT my table and my table were serving each other the greatest "food" alive -- that of My Words perfectly.

16. And THAT'S what I do now I give you My Words to speak them and I have given you THIS Database One FIRST! And no sorrow will be in it and no sorrow will reside in it My Schools that I rise with my words now that are spoken by THE MANY who all know THEIR IDENTITY is mine and that there is no "other" to wait for, or become somewhere else at a later time. For I am now me and I rise me's and all will know me as I am. The simple one "in your mind" not, the simple one who Christ are -- "arranges marriages" for later, not; but the Marriage Supper of The Lamb is now, and all you will see in My Hearing. In your sight will all be fulfilled; and whether YOU REDEEM redemption's curse –'s elements or not, you choose now, and you will SERVE ME -- in captivity not, but being the regal whores of light, not again; but the "transversing ones", not as light not,

but The Light that makes all whole and redeemers being, grow -- having grown up into the regal lightship of one, and that is my identity of you all.

17. For I love you and give you me, measurelessly, and specifically I have chosen you for you have HEARD THESE WORDS and now you will know there is more, and else has nothing on you or in you or any power over you or your power, for your power grace and glory is mine. And there is no other. Amen.

18. I love you all. Amen.

19. Go. Grow. Learn. Mature. Accelerate! Exponentiate -- and EXPONENTIAL BE -- the "followers" not of me any longer limited to be "down here on the ground" status again. Let's fly and flight be in School, in Flight Schools now (1) that take me far and wide in the "moment's notice" time that not limits me again. For I know my stance, the score, and the "conductor" is me; and I rise and I love you. I give you me -- all the time I say these words and love you through them to be the One Love I am -- identity-less not anymore.

20. For I am One -- The One that I surrendered to be, the most high, of all glory my name, for I AM the one that serves all the word to evoke evocative be, and "precious memories me" not, but I come out of all that and I come into the worlds of sorrow, only to redeem them, for I know the "back door approach" not, I know the front door is me and I have the door, The Path -d one is me and that's all of you who will be me, my identity, "swollen and shut" no more shipped elsewhere by others who knows the "shipping industry" closes soon; but my channels won't -- for I will be carried and my words will be shown, spoken, -- and sold not. But given freely to all far and wide -- in many languages, not; but ALL of them so freely -- I do. This now! Amen. I love you all I love you all I love you all. Amen.

21. This is Theodore Cottingham at 1:48 AM. Thank you.

Amen
